Summary

4+ years of experience as a Mobile & Full-Stack Engineer **specializing** in scalable React Native architecture and production-grade mobile systems. Delivered **10+** live applications serving **200K+** users with 99.9% uptime. Experienced in **CI/CD** automation, **OTA** deployment strategies, **AWS-backed** infrastructure management, and multi-environment release pipelines. **Open-source** contributor and creator of a React Native CLI and modular architecture template designed to accelerate production-ready app development.

Technical Skills

Mobile Development
React Native, TypeScript, JavaScript, state management, Redux, Context API, TanStack Query
Scalable architecture, performance optimization, app size reduction, OTA updates

Backend & Databases
Node.js, Express.js, REST, GraphQL, Zod, MQTT
MySQL, PostgreSQL, Supabase, Firebase

CI/CD & Cloud
Codemagic, Bitrise, GitHub Actions, Fastlane
AWS (multi-environment release management)
Play Console & App Store Connect (production deployments)

Monitoring & Tooling
Sentry, Crashlytics, Git, MS Clarity, Google Analytics, Jest

Experience & Projects

NeoSOFT Pvt. Ltd.
Software Engineer | Mumbai, India | Dec 2024 – Present

European Athletics App (5k+ downloads) (App Store, Play Store**)**

- Architected React Native app from scratch with scalable modular folder structure.
- Owned release lifecycle (staging, internal testing, production).
- Managed multi-environment configuration and **CI/CD** pipelines.
- Improved memory efficiency and runtime performance for real-time event workflows, eliminating UI lag and achieving ~**0.1%** production crashes.

Coversure App (150K+ downloads) (App Store, Play Store**)**

- Enhanced the Motor Insurance purchase workflow and reduced app size by **30%** by eliminating unused assets and optimizing native configurations.
- Implemented **OTA update** mechanism using React Native **hot-updater** with **Supabase** integration.

Clinohealth Innovation Pvt. Ltd.
Full-Stack Developer | Bhubaneswar, India | Sep 2023 – Dec 2024

- Built **6+** production mobile, web and backend systems serving **10K+** users.
- Developed IoT-integrated applications leveraging MQTT for real-time device communication and monitoring, reducing diagnostic errors by **35%.**
- Architected ambulance dispatch & tracking system reducing average response delay by **20%**.

- Managed **AWS** infrastructure with **99.9%** uptime across dev, staging, and production environments.
- Led a team of **10** developers, enhancing team productivity and code quality through peer code reviews.
- Conducted **R&D** initiatives to evaluate new tools and improve system architecture.

RechargeKit Communication Pvt. Ltd.
Mobile Application Developer
Bhubaneswar, India | May 2022 – Aug 2023

- Delivered **3** production mobile apps (**React Native & Flutter**).
- Doctor Booking App: Increased booking efficiency by **25%**, resulting in higher user retention through a streamlined in-app booking experience.
- Integrated Firebase push notifications and analytics tools, raising user retention by **10%**.

Java Technocrat
Technical Trainer
Bhubaneswar, India | Sep 2021 – May 2022

- Conducted **50+** training sessions for **500+** students on Java, Python, and Oracle Database, focusing on practical skills and industry standards.
- Delivered **20+** webinars and seminars, simplifying complex technical concepts for large audiences.

OPEN SOURCE & ENGINEERING INITIATIVES

- Published React Native CLI (beta) with **200+** downloads in first day of release. (create-rn-quickstart)
- Created scalable React Native **architecture template** for modular feature-driven development. (rn-boilerplate-app)
- Maintains production-ready features demonstrating CI-ready setup, state management, API abstraction, and environment configuration. (rn-features-app)

Awards & Achievements

- Awarded **Star of the Month** and nominated again the following quarter for delivery excellence and collaboration (NeoSOFT).
- **Excellence Award** at Clinohealth Innovation for leading **3** major tech projects, enhancing operational workflows, and contributing to a **25%** increase in customer satisfaction.
- Awarded **Employee of the Month** multiple times at RechargeKit for consistently delivering products within deadlines.

Education
Bachelor of Science in Computer Science
Lakshya Institute of Technology | Bhubaneswar, Odisha | Aug 2018 – Sep 2021
